

**The AWCI Archie Perkins Mobile Classroom will be here!
Sign up for the amazing “Build a Watch” Class!**

Join AWCI and the NAWCC for a Build a Watch event on Friday, June 14, 2024 at the Chattanooga, TN Convention Center at the NAWCC National Convention. During this full day event you will assemble your own 6497 movement that you will lubricate, calibrate, install dial and hands, and at the end of the day assemble into a case and strap of your choice. All materials needed will be provided. Requirements: You must be a member of NAWCC and AWCI; Cost: \$1245

The following details the experience you will have from 8 am to 6 pm (with lunch provided):

8:00 am: In Archie Perkins Mobile Classroom.

- Describe aspects of ETA 6497 movement.
- Introduce ergonomics of bench & chairs.
- Introduce tooling in mobile classroom.
- Assemble the precleaned movement from kits.
- Lubricate the movement.

12:00: Break for Lunch

- Calibrate movement with Witschi machine.
- Choose and install dials and hands.
- Case up the movements.
- Perform water resistance on the cases.
- 6 pm: Leave with completed time piece.
